Facilities

Boarder's Rooms

Every room is fully equipped with WiFi and air-conditioning. Each boarder has a personal study table (with chair), book shelf, bed, wardrobe and waste paper bin. There is also additional storage space under the bed for bulky items. Bed linen is provided, although boarders may opt to use their own. All boarders are expected to maintain the cleanliness and tidiness of their own rooms, as this forms part of development with healthy living habits.

There are two types of boarder's rooms: 3-bed and 4-bed. Allocation is subject to the availability and decision by the ACS Oldham Hall House Master/Mistress.

Meals

Meals are freshly prepared, cooked and served in ACS Oldham Hall's dining hall. Boarders are served breakfast between 6.00am and 8.00am, and dinner between 6.00pm and 7.30pm on weekdays during school term dates. Boarders are served lunch at Dulwich College (Singapore) during school term dates, which is also provided as part of the boarding fee.

Lunch (12.00pm to 2.00pm) is served at ACS Oldham Hall every Saturday, Sunday, school holiday and public holiday.

Pastoral Care

ACS Oldham Hall provides a secure and supportive environment to care for the well-being of its students in order to support their growth as well-rounded individuals. Under the oversight of a nine-member-strong management committee, ACS Oldham Hall's team of 10 office administrative staff and 25 residential boarding staff provide the necessary supervision and support to ensure the welfare and personal needs of boarders are attended to.

Guardianship

All students not residing with a parent in Singapore are required to have a guardian during the duration of their enrolment. A student's guardian plays a pseudo parental function, looking after the needs of the student and managing their school administrative matters, so that parents can have peace of mind on the well-being of their child without having to be physically present.

Guardian Responsibilities:

The guardian acts as a link for the student: someone who will take an interest in their work and progress, who will attend parents' meetings (and report back to parents afterwards), and generally monitor the academic and social development of the students in their care.

They are also a vital point of contact for the College. For example, in an emergency where a student falls ill and needs to be away from school for a time, and is unable to return home. The guardian will be expected to assist with medical and possibly insurance arrangements, and to keep in close communication with the school.

The guardian should also be contactable at any time 24/7 for emergencies, whether to talk about a problem that may have arisen, or simply to discuss travel arrangements, for example, for the end of term.

How to Appoint a Guardian:

There are several guardian agencies and guardianship options available in Singapore. ACS Oldham Hall has a register of qualified and reputable guardians that you can contact directly to engage. Please note that the choice of guardian and subsequent appointment is the responsibility of the parents.
