

# THE ROADMAP TO UNIVERSITY

## Year 7

- ▶ Identify goals for now and in the future and apply study skills needed for academic success.

## Year 9

- ▶ Improve your study skills, identify possible careers, choose your IGCSE classes, and explore new co-curricular activities.

## Year 8

- ▶ Explore your interests, personality type and identify passions in extracurricular activities.

## Year 11

- ▶ Choose your IB courses to align with your future career and research university options, create a testing plan, begin visiting universities and creating meaningful summer activities.

## Year 10

- ▶ Form a Senior School Plan, maintain good results, continue to identify possible careers, and discover your strengths.

## Pre-Year 13

- ▶ Ask teachers for letters of recommendation, participate in an internship or summer school programme, visit universities, draft personal statements and finalize your university list.

## Year 12

- ▶ Learn how to properly research university options and begin building your university list based on personal criteria. Continue maintaining strong marks, preparing for standardised tests and visiting universities.

## Year 13

- ▶ Finish your personal statement, submit your applications, maintain academic effort, make final university choice, update your University Counsellor.

★ ★ ★ Graduate. Celebrate. Congratulations!
